

## ENVIRONMENTAL POLICY

1. Our hotel is committed in a responsible way to respect and care for the environment in our daily activities.
2. Environmental criteria are applied in planning and decision making.
3. All those who work in this company are committed to actively collaborate, seek efficient solutions and develop sustainable innovations in their daily work.
4. Our hotel is committed to apply the following environmental measures:
  - a. Use recyclable materials
  - b. Minimize the consumption of single-use products
  - c. Minimize the consumption of water and energy
  - d. Minimize the production of garbage
  - e. Promote the reuse and recycling of waste
  - f. To not contaminate air, soil or water.
5. Collaborate with public administrations for the development of sustainable tourism.
6. The current environmental laws and regulations will be complied with.
7. In the purchasing policy preference is given to local products and companies.
8. The preservation of the landscape, flora, fauna and historical resources is of great importance to us.
9. We commit ourselves to involve all employees through talks and training and awareness-raising courses to achieve greater environmental objectives.
10. Our hotel is committed to work continuously in everything that involves an environmental improvement.
